2021 PROFILE

NAPA VALLEY RED WINE

"...Elegant, polished, and complex, the wine leads with a mix of red, black, and blue-toned fruits accented by pure, pristine sagebrush and bay laurel notes. Full-bodied yet expressive, the palate showcases a panoply of fruit character and mineral intensity, layered with elegant floral notes that add depth and refinement. Its complexity is supported by fine-grained, firm tannins that provide a solid foundation for its expressivity. The finish is long and captivating, with dark currant fruit emerging alongside espresso bean and mocha nuances. This wine is of exceptional balance, structure, and sophistication, embodying the vineyard's distinctive character and the winemaker's precision."
