**Albert Bichot**

**Pinot Noir Vin de France Horizon de Bichot 2022**

There's freshness to the cranberry and raspberry notes, with a lifted floral character. Tangy and juicy, with herb and tea details, this lithe red would be nice served with a slight chill. Drink now.

## Primary Grape

### Pinot Noir

This popular red grape originated in Burgundy but has spread across the New World. Like its white Burgundian counterpart Chardonnay, Pinot Noir is early-budding, early-ripening and thin-skinned. The sites where it tends to thrive can experience tough growing conditions, which lead to more rigorous fruit selection and lower yields. This is one of the reasons that high-quality Pinot Noir often carries a higher price tag than other wines.
